Cartridge for FH2000\_K

FC2001\_S

### Specifications:

**Dimensions (H x W x L):** 66 mm x 102 mm x 113 mm  
**Working Temp.:** 2°C - 45°C (35° F - 113°F)

#### NOTE

- Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.
- Water filtration systems can help reduce the presence of contaminants. In addition, some water filtration systems can help reduce the presence of microorganisms or other contaminants with potential health effects.
- We strongly recommend regularly scheduled maintenance and replacement of the filter cartridge in order for the product to perform properly.
- Replace the filter cartridge at least every 2 or 3 months (depending on water quality).

**LIMITED WARRANTY:** AQUAFILTER warrants that this product is free from defects in materials and workmanship. This warranty, together with any and all warranties implied by law, shall be limited to a period of one (1) year from the date of original purchase. This limited warranty does not apply to failures that result from abuse, misuse, alteration or failure to properly comply with installation or cartridge change instructions.
